

# SEATING GUIDELINES

Please note:

- a) On one-piece tables the grain runs lengthways: on two-piece tables the grain runs side-to-side.
- b) Table tops in two pieces have supporting base/legs (as appropriate) at the join between the table segments. Please take account of the visual effect this will have, and the possible impact on the seating layout.
- c) These seating capacity illustrations are intended to provide an initial guide – but please make your own calculations based on the actual dimensions of the chairs you will be using and the amount of space you wish to provide for each person.
